Perfect for Speciality Tea

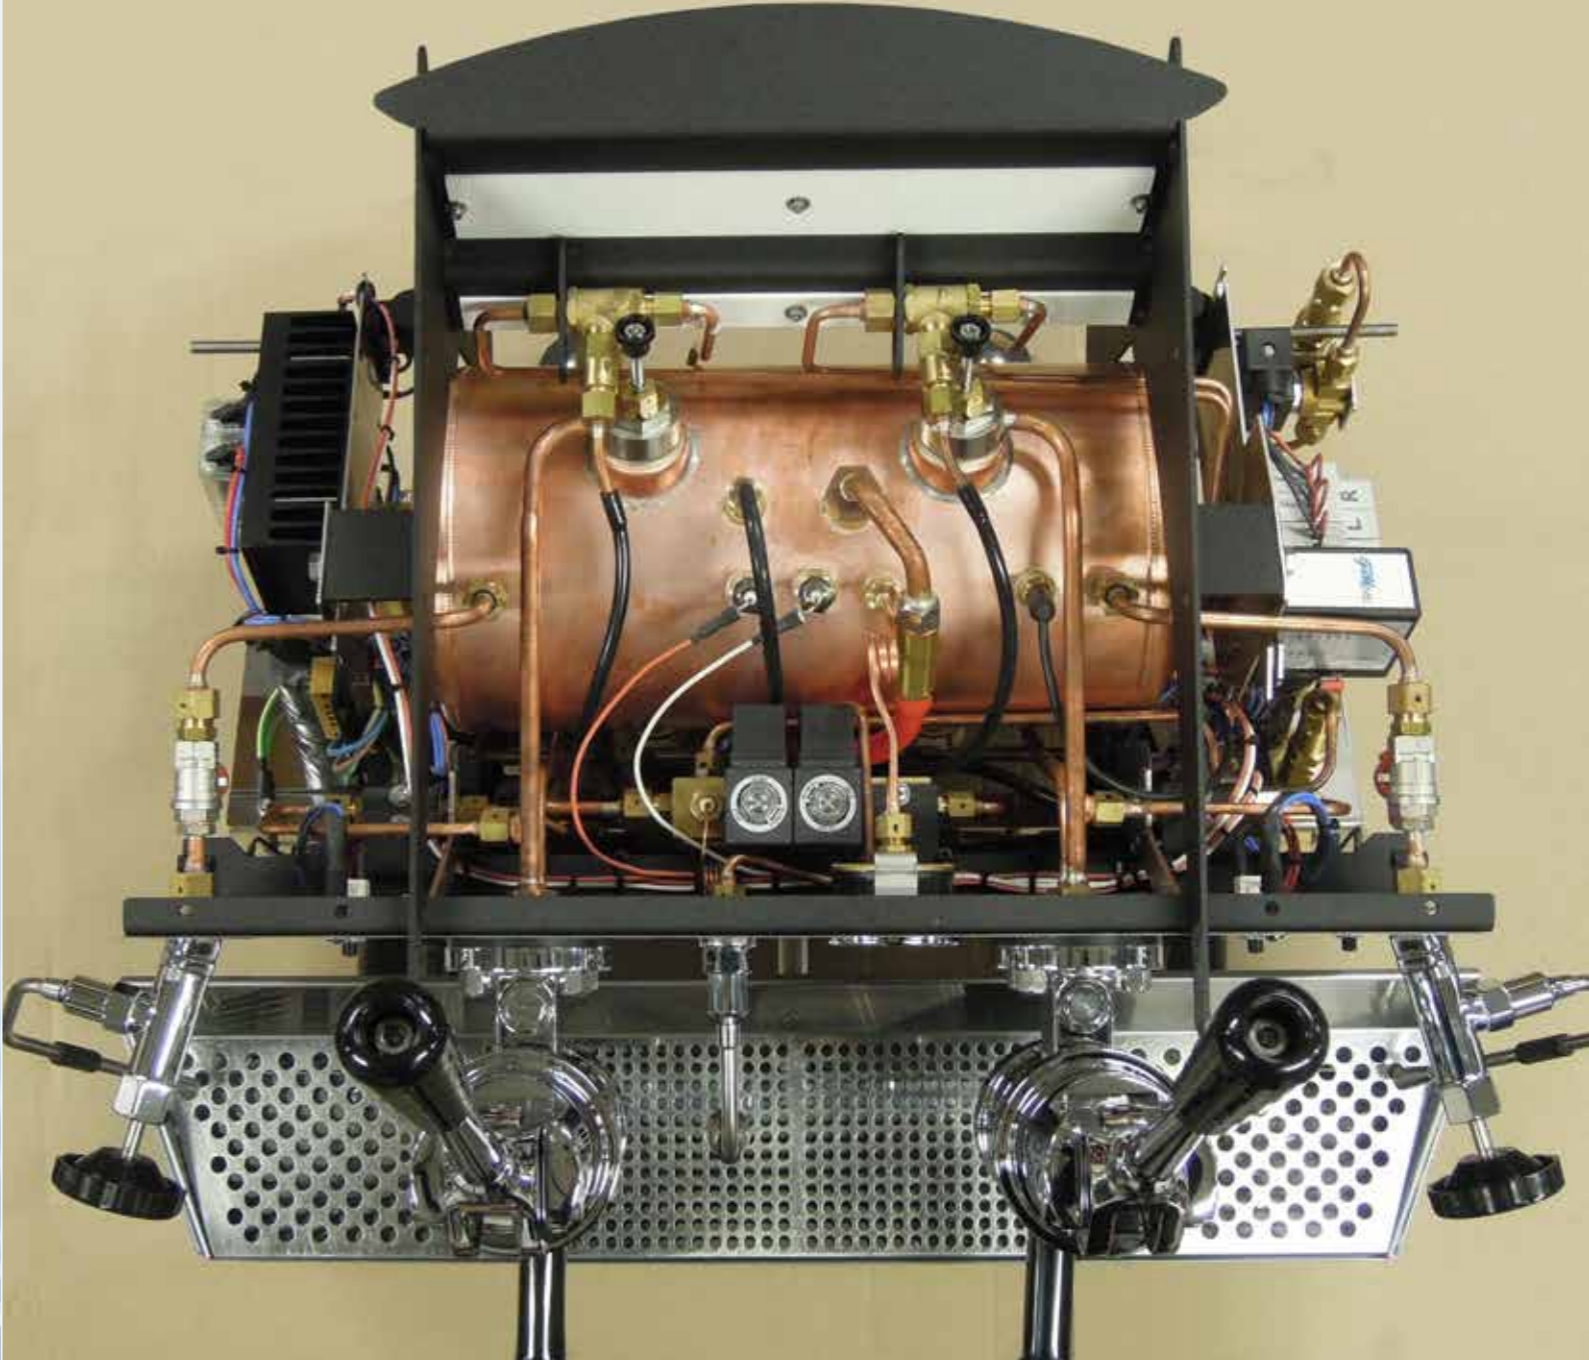

Expert Support

Our team of experienced in-house engineers are on call 7 days a week to ensure you have minimal down-time should your machine develop a fault.

We carry spares for all of the machines we rent or sell, and the majority of repairs are made within 24 hours and even the same day.

Unsure of which machine will suit your needs, come to our showroom to get some honest advice and try out some of the machines. Just give us a call and make an appointment.
